

Product

Lodgicor™ Kitchen, Vanity and Accessory Millwork Products.

Manufacturer

Blake Surface Solutions is headquartered in Memphis, TN, USA with manufacturing facilities in China.

Product Composition

Lodgicor™ Melamine cabinets are constructed of 5/8" particle board with a white melamine face and melamine doors with edge banding matching the melamine door color. Products can be built to specifications (matching melamine backs for select woodgrains). Custom sizes and configurations are available along with other specialty designs. Doors utilize adjustable, concealed hinges and come in many styles. Drawer boxes are assembled with stapled corners and utilize full extension ball bearing glides.

Product Categories

Lodgicor™ provides several different styles of quality cabinets for student housing, assisted living facilities, and apartments.

Colors

Lodgicor™ millwork products are available in an unlimited array of foils, giving the appearance of paint or wood stains, and is versatile enough to match most competitor's colors.

Limitations

Lodgicor™ products are not recommended for exterior use. Material should not be used in areas exposed to sustained temperatures exceeding 450 F. Follow all recommended installation procedures provided by manufacturer.

Finish

The melamine finish provides a durable, waterproof finish. Finishes can be matte, semi-gloss, high gloss, or textured. Cabinet interiors can be a solid melamine finish or matching woodgrain to the foil used on the exterior.

Availability

Lodgicor™ Millwork products are available nationwide.

Cost

Cost varies with product category. Please contact Blake Surface Solutions for a customized proposal for your project.

Installation

Installation instructions are available through Blake Surface Solutions for all Lodgicor™ millwork products. BSS also offers full turn-key installation of all millwork products we furnish.

Warranty

Lodgicor™ millwork products offer a five year manufacturer's warranty against defects in construction, hardware or finish.
